GYPSUM CONCRETE UNDERLAYMENT (GYPCRETE)

Gypsum Concrete is the most commonly used self-leveling product due to its superior properties, rapid installation and affordable pricing. It is designed to fit in

all types of applications/projects from renovations to
new construction to commercial projects!

(<https://gyp-fill.com/>)

- Light Weight
- Self Leveling
- Minimal Crack / Shrinking
- 2-3 HR Drying Time
- Pour up to 40,000 SQF per day
- High PSI / Sound Reduction

LIGHTWEIGHT CONCRETE

Lightweight Concrete can be applied on exterior and interior surfaces. The most popular product for interior surfaces is LightWeight Gypsum Concrete (GypCrete). For Exterior surfaces, such as decks, balconies, or roof pads, cement-based Lightweight Concrete is the best choice!

- Finish Floor
- Slope Control
- Long Term Durability
- High PSI
- Smooth / Broom Finish

RADIANT HEAT FLOORING

Gypsum Concrete enhances the performance of any radiant floor heat system. Its uniform density and thermal mass properties allow for better heat distribution.

- Flat Floor Surface
- Minimal Cracks / Shrinking
- Fire Rated / Sound Reduction
- Easy Transition
- Old to New
- Long Term Durability
- Same Day Completion

SOUND CONTROL SYSTEMS (SOUND MAT)

Sound Mat Installation is the most efficient and affordable way to greatly reduce sound between floors. We provide a great variety of sound mat installation for

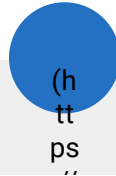

all types of projects, ranging from single family homes, multi-family, to commercial projects where Sound Reduction is needed.

(<https://gyp-fill.com/>)

- Quick Installation
- Affordable
- Improve STC / IIC Rating
- EnkaSonic Mats / SCM Mats

EQUIPMENT

Gyp-Fill Enterprise, Inc. is set apart from other Gypsum Concrete (Gypcrete) Contractors due to our advanced equipment and well trained team. Equipped with a large fleet of pumps, we have the ability to be available to our clients at anytime with short notice.

- High Volume Pumps
- Low Volume Pumps
- Eletronic Batch Control Systems
- Flow Meters

Our Clients

WHAT CUSTOMERS SAY

Scott Groleau

Gyp-Fill has been the Greatest Company that we've ever worked with. The amount of time saved and efficiency gained has been enormous. I would recommend them to any G.C.

Sarah

Tamir Hochman and his team are professional, on time, and thorough through all phases and highly recommended.
